## Analysis of the Country Sales Data

---

The goal of this project is to better understand which factors are most important in driving country revenue, and how those factors relate to country revenue

I will obtain the data from :

Consumer purchasing data set was obtained from

<https://eforexcel.com>

And I will answer my Q :

- What is the overall sales trend ?
- What are the top 10 Countries of sales ?
- What are the most selling Item\_Type ?
- Which are the most preferred Sales\_Channel ?
